

# Woy Woy Town Centre Wharf Redevelopment

## Engagement summary

Between 28 October and 2 December 2019 Council sought feedback on the Woy Woy Town Centre Wharf Redevelopment concept design.

The engagement process was delivered as part of the *Let's Talk Woy Woy* campaign. We sought feedback using an online interactive map and online submission form. Participants were invited to suggest any potential issues or improvements to the scope of works.

Residents were also invited to attend a morning or evening drop-in information session held on 21 November at the Woy Woy CWA Hall.

## What's next?

We are collating all feedback received and a full consultation report will be provided in the new year.

The feedback received from the community will be considered to finalise the scope of works for the wharf redevelopment where feasible.

Construction on the new wharf and associated works is expected to start in late March 2020.
